Major General Robert H. Warren *COW*
Superintendent
United States Air Force Academy
Academy, Colorado

Dear Bob:

I was very glad to get your warm response to my letter regarding Academy graduates who cannot be commissioned. I thought you might be interested in knowing Cadet First Class

STAT

has been in touch with us and that our field representative will be seeing him at the end of this month.

I appreciated too your invitation to me and will certainly take you up on it at my first opportunity.

Faithfully yours,

(Signature)

Marshall S. Carter
Lieutenant General, USA
Deputy Director

Deputy Director
Central Intelligence Agency
Washington 25, D. C.

Dear Pat:

Your letter inviting applications for CIA employment from our graduates who fail to qualify medically for a commission was received with much interest here. It has been brought to the attention of our only graduate of this year who will not qualify for commission: Cadet First Class [REDACTED]

[REDACTED] Your letter will be made a part of the placement file used in counseling such cadets so that the opportunity will come to the attention of all future graduates who fail the commission medical.

There is no one so deserted and forlorn as an Academy graduate without the commission. We do help in getting them placed in graduate school or suitable employment. For those who can qualify, your offer is the best alternative to a commission. It is much appreciated, I assure you.

Sincerely,

ROBERT H. WARREN
Major General, USAF
Superintendent

Hope you will visit me here anytime that you can.
